# YOU WANT TO

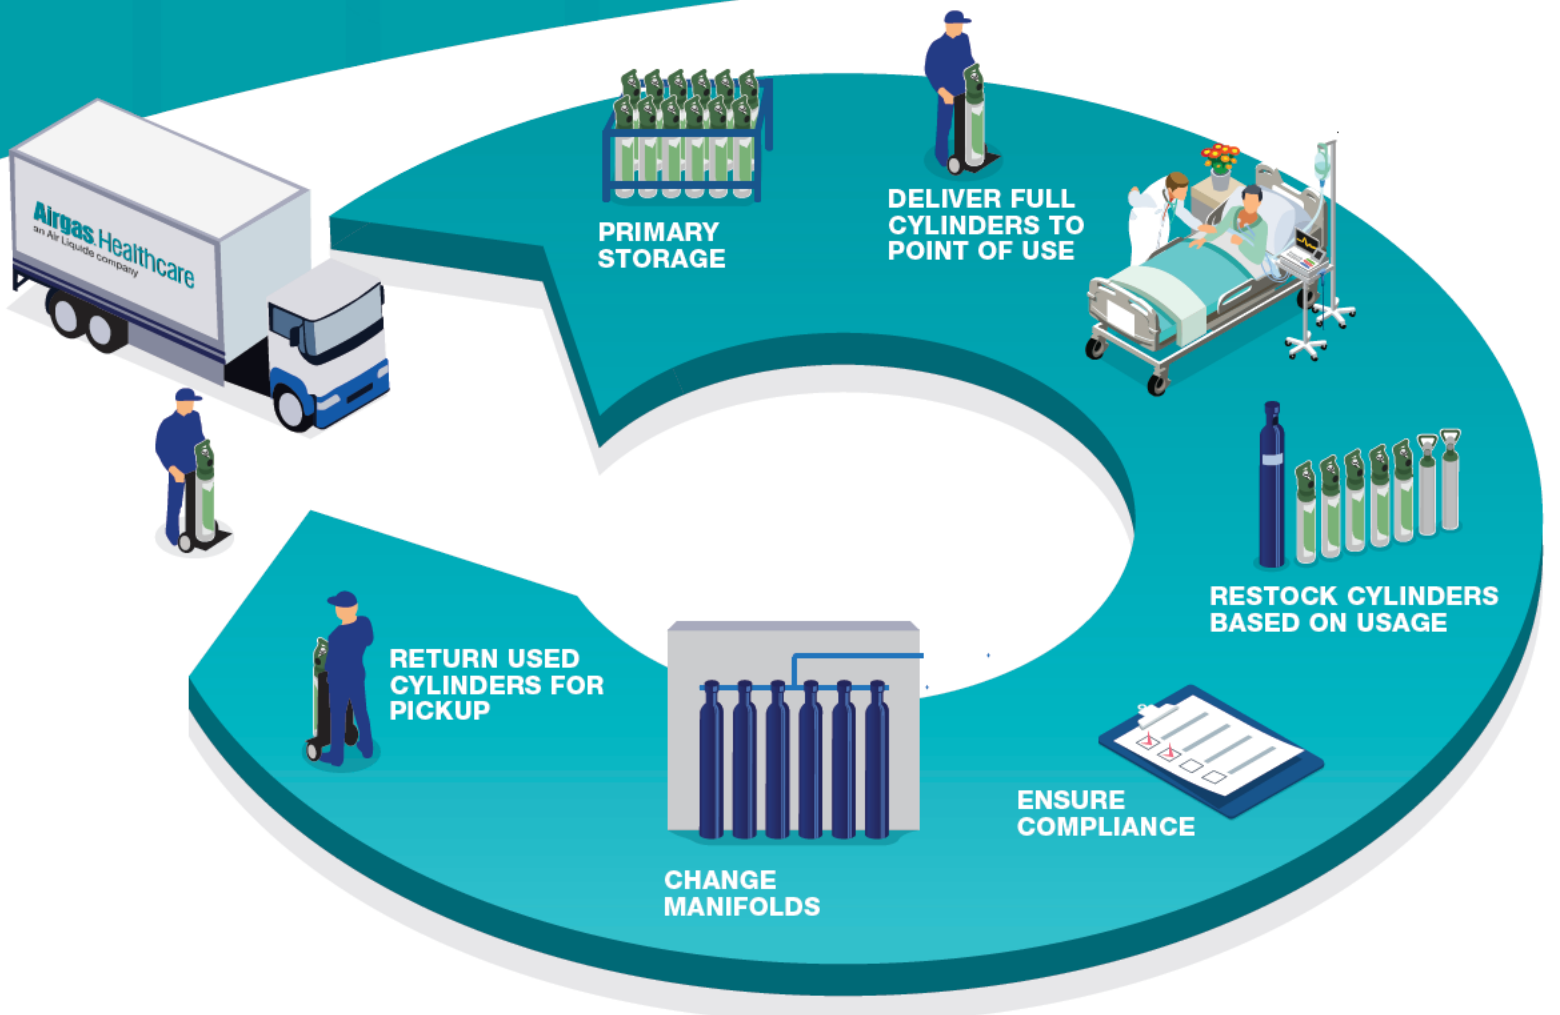

- ✦ Have the right cylinder in the right place at the right time
- ✦ Prevent and minimize risk of cylinder shortages and associated rush delivery fees
- ✦ Leverage best practices for medical gas logistics
- ✦ Manage your budget effectively
- ✦ Meet your hospital's risk and safety standards regarding medical gas
- ✦ Promote safety within your hospital

# CONSIDER TGM

Total Gas Management (TGM) is a 3rd party, customer-centric partnership with clear value. With TGM service, Airgas Healthcare provides an onsite inventory coordinator dedicated to meeting your medical gas logistical needs.

# Help Your Hospital **BECOME MORE EFFICIENT**

## YOUR TGM SPECIALIST CAN:

## MANAGE ALL MEDICAL GAS LOGISTICS FOR YOUR HOSPITAL

- + Ordering
- + Delivery and return
- + Managing balances and manifolds
- + Shutdowns and expansions

## ENSURE COMPLIANCE

- + Implement hospital policy
- + Monitor safety

## PROVIDE REPORTING

- + Based on customer-specific metrics

# VALUE PROVIDED:

## SAFETY & PATIENT CARE

- ✦ Your hospital staff can focus on their core competency of providing quality patient care.
- ✦ Your TGM Specialist will support the hospital's risk and safety policies.
- ✦ You'll have the right product, in the right place, at the right time.

## EFFICIENCY

Your TGM Specialist can help your hospital become more efficient by:

- ✦ Supporting the reduction of total inventory management cost
- ✦ Minimizing cylinder loss of use
- ✦ Ensuring continuity of supply
- ✦ Optimizing inventory
- ✦ Streamlining cost allocation

## EXPERTISE

- ✦ TGM Specialists are highly skilled personnel with specialized training dedicated to meeting your unique requirements.
- ✦ Your designated TGM Specialist will leverage and implement best practices learned from other TGM-managed hospitals to support optimal hospital performance.
- ✦ TGM is a highly valued program that has benefitted customers since 1999.

Airgas Healthcare's mission is to support healthcare customers in their mission to improve lives.
